

# Clearwater Secondary Annual School Learning Plan 2023-24

---

## 5W\_bck`YX[Y a Ybh

Secwepemcúl'ecw yi7élye ell, re tmicws re Tk'emlú'semc n7élye.  
School District No. 73 (Kamloops-Thompson) acknowledges that it is on  
the territory of the Secwepemc Nation, specifically the territory of the  
Tk'emlups te Secwepemc People

Kamloops School District No. 73 is located within the traditional territory of  
the Secwépemc people and includes the seven Secwépemc First Nations  
Bands:

- Tk'emlúps te Secwépemc
- Whispering Pines/Clinton Indian Band
- Skeetchestn Indian Band
- Simpcw First Nation
- Adams Lake Indian Band
- Little Shuswap Lake Indian Band
- Neskonlith Indian Band

Our school partners with Simpcw through our Local Education Agreement [link](#) and the Aboriginal Education Enhancement Agreement [link](#).

## 7CBH9LH

Clearwater Secondary is an 8-12 rural school with an enrolment of approximately 180 students. Clearwater Secondary is a one and a half hour drive from Kamloops and serves communities from Blue River to Blackpool.

Our local surroundings present many unique outdoor opportunities for students including hiking trips, fly fishing, a local ski hill, a hockey arena 80 meters from our front door, and our own school garden.

Clearwater Secondary is part of the North Thompson Family of Schools that include Barriere Secondary, Barriere Elementary, and our three feeder schools, Raft River Elementary, Vavenby Elementary, and Blue River Elementary.

One of our key strengths is the support of the community, the connections and relationships we have with our community. We actively foster relationships within the community thru service to and involvement in the community. This strength is echoed in the District Strategic plan value commitments “Building meaningful relationships that support and strengthen learning and growth” These connections are born out in a myriad of ways: We often have the Mayor volunteer at the school during events, the local ski hill will open just for us on request, and when we are need the community always steps up. Two of the most recent times that the community has rallied behind us involves our affordable high caliber sports programs. We recently had two teams attend the provincials and on both occasions the community funded our needs in a matter of days.

Each year the SLP will be revisited with input from staff, students, parents, community, and our aboriginal partners within the community. We will review current data, best practices supported by research, and individual student stories to refine our action plans for next year.

To develop the ability of students to analyze critically, reason and think independently, and acquire basic learning skills and bodies of knowledge; to develop in students a lifelong appreciation of learning, a curiosity about the world around them, and a capacity for creative thought and expression.

**8=GHF=7H ; C5@.** Every learner will develop competencies and skills to succeed academically.

**8=GHF=7H C IH7CA9.** Students will meet or exceed literacy/numeracy expectations for each level.

### G7 <CC@ F9GI @HG 5B5@MG=G.

Our results on the Grade 10 Literacy Assessment trend are 10% below the District average

Our results on the Grade 10 Numeracy Assessment trend are 11% below the District average.

The FSA results from Raft River Elementary for 2022/23 indicate that this cohort is weak in numeracy but on par with literacy. The literacy data matches our Gates data, we assessed grade 7 students in June. The numeracy results continue to show that students need additional support and practice with this cohort 13% below District averages.

In almost every subject fewer aboriginal students score a C+ or better.

### G7 <CC@ ; C5@.

**5F95G HC 79@96F5H9.**

Students in our One to One reading program in 2022/23 made significant

To improve numeracy skills we will

Help staff develop authentic numeracy tasks to use within their classrooms

Have students practice numeracy tasks every Thursday during the time allotted for silent reading.

Have students practice the numeracy assessment prior to writing.

To improve both numeracy and literacy skills we will

Continue to provide frequent feedback to students about how they can improve their work.

Have teachers collect regular formative assessment data to inform their lesson planning and help them identify which student require further support.

## 9 jJXYbWY UbX BYIh GhYdg

Evidence will be collected on an ongoing basis as students complete assessments.

Anecdotal evidence will be collected regarding how much effort students are putting into writing the provincial assessments. We have a hunch that the test may be measuring determination along literacy and numeracy. We have anecdotal evidence that students are quitting before they complete the assessments.

## Next steps

Create a data summary that includes sample size. Some of our sample sizes are very small and therefore our percentages have very large swings from year to year, making the data inappropriate to use for improvement planning. For example, on the grade 10 Literacy Assessment we did 23% better than the District in 2019/20 and did 52% worse than the District in 2020/21.

Share data with staff during the September staff meetings.

Share data with PAC during September and October with regular updates on the SLP through out the year.

Feeling Welcome/Safe/Sense of Belonging/ Two or More Adults Who Care

## < I A 5B / GC7=5@ 89J9@CDA9BH

To develop in students a sense of self-worth and personal initiative; to develop an appreciation of the fine arts and an understanding of cultural heritage; to develop an understanding of the importance of physical health and well-being; to develop a sense of social responsibility, acceptance and respect for the ideas and beliefs of others.

**8-GHF=7H ; C5@.** Every learner will feel welcome, safe, and connected to their environments (district-school-classroom).

**8-GHF=7H C I H7CA9.** Students will feel welcome, safe, and connected to their school.

**G7<CC@ F9G I @HG 5B5@MG=G.**

Our “sense of belonging” five year trend data is 12% below District averages.

**G7<CC@ ; C5@.**

Students sense of belonging will increase.

“Is school a place where you feel like you belong?”

## **5F95G HC 79@96F5H9.**

Over the last five years our indigenous learners sense of belonging has improved  
In May 2023 100% of respondents including staff, students and parents indicated  
that they wanted Core Competency Week to continue and that they found it  
valuable.

Our five year trend data on feeling safe and adults who care is above the District  
average.
